

# TALANOA-WATER 2nd National Scientific Workshop for Stakeholders Litani River Watershed - Scenarios and Strategies

## Workshop Objectives & Agenda

**TALANOA**  
- w a t e r -

April 27, 2023  
Gefinor Rotana, Beirut

# 1. Workshop Objectives

## Dialogue

- Bring together stakeholders involved the most in the management of water resources in the Litani River Basin to discuss relevant scientific themes.

## Problems & Measures

- Discuss water resources problems in the basin and assess the effectiveness of the identified measures.

## Design of Strategies

- Guide scientists in the design of strategies for the management of the watershed and evaluate measures based on environmental, economic, and social performances.

# First National Science-Policy Workshop for Stakeholder Engagement

July 13, 2022

## Aspects Discussed:

- Drivers of water scarcity in the Litani River Basin
- Existing and proposed initiatives and actions for addressing water scarcity and basin problems
- Water Accounting results
- The preliminary results of the coupled remote sensing and socioeconomic modeling work using Mathematical Programming Models

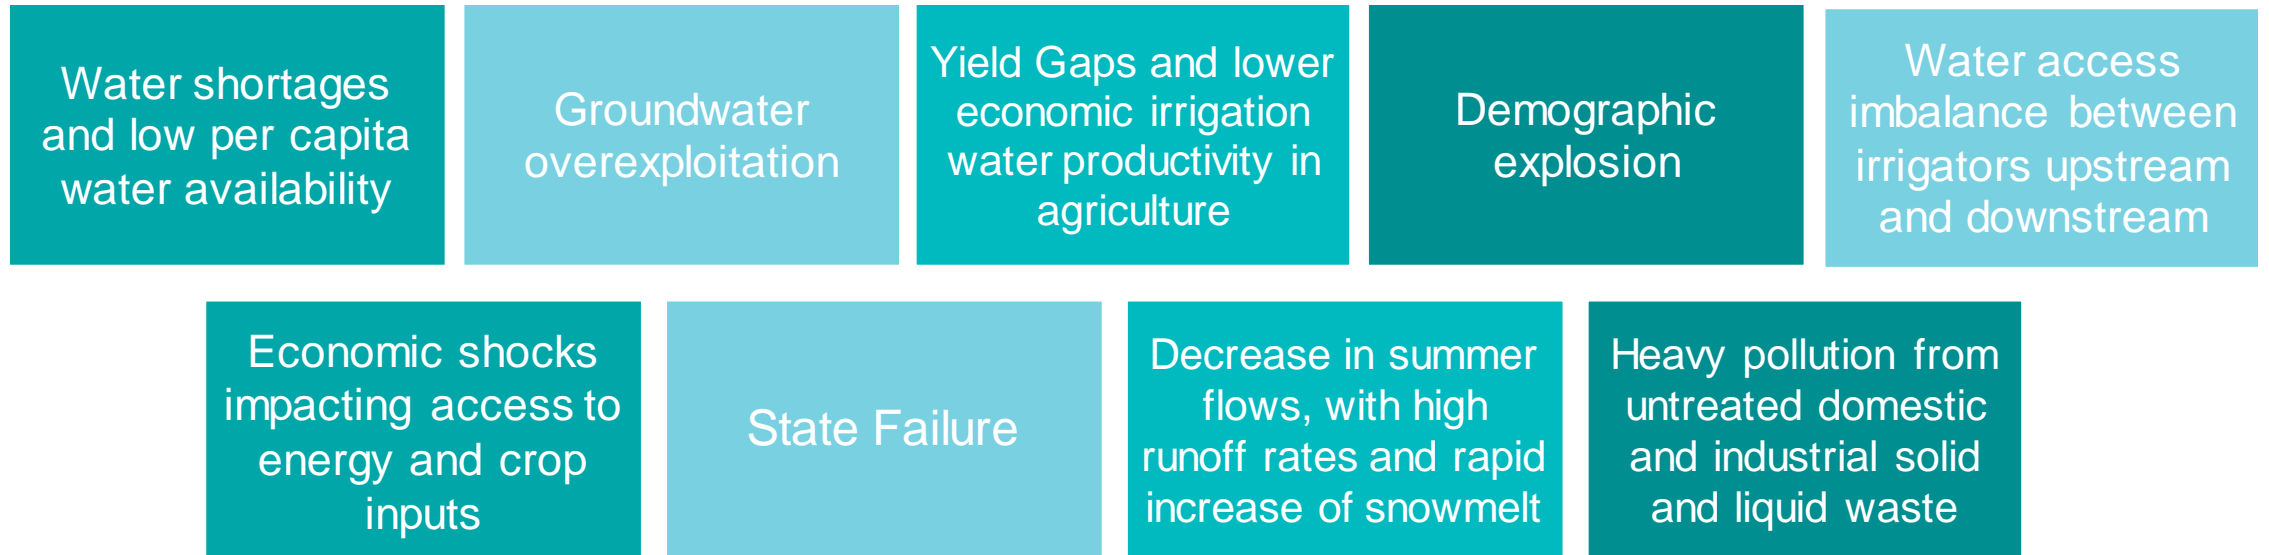

# Main features of a Talanoa dialogue:

- Constructive
- Facilitative
- Solutions-oriented
- Storytelling for improved decision-making

## 2. Study Area – Litani River Basin, Lebanon

### Problem Identification

### 3. Agenda

09:50 – 10:20	Coffee Break
10:20 – 10:40	Overview of the Concept of a Serious Game and its Role in Decision Making <i>Dr. Javier Sierra Pierna, Applied Economics, University of Salamanca (USAL)</i> <i>Dr. Carlos Dionisio Pérez-Blanco, USAL</i>
10:40 – 10:50	Q&A on serious game
10:50 – 11:30	Group discussion on stakeholder objectives and watershed management issues
11:30 – 13:30	Serious Game <i>Dr. Javier Sierra Pierna, USAL</i> <i>Dr. Carlos Dionisio Pérez-Blanco, USAL</i>
13:30 – 14:30	Lunch
14:30 – 15:00	Debriefing session on game outcomes: Reflection and Evaluation <i>Spanish and Lebanese Teams</i>
15:00 – 15:45	Focus group discussion: identification of strategies
15:45 – 16:00	Closure of workshop

# Thank you for your attention!

**Hadi Jaafar, PhD**

Associate Professor, American University of Beirut, Lebanon

**Rim Hazimeh, MSc**

Researcher, American University of Beirut, Lebanon
